Our policies

Acceptance

- Currently we have a contract, which allows us to see children up to the age of 18 years under the NHS.

Appointment reminders

For your convenience, we can send you a text message 24 hours before a scheduled appointment.

Missed appointments

As a patient you have a responsibility to attend any appointment that you make. If you cannot make an appointment, please make sure that you contact the surgery so that we can cancel your appointment and offer this visit to another patient. If you fail to attend appointments or keep cancelling appointments without at least 24 hours notice, we will then remove you from the dental list and you will not receive any further treatment from us.

Complaints

In this practice we take complaints very seriously indeed and try to ensure that all our patients are pleased with their experience of our service. When patients complain, they are dealt with courteously and promptly so that the matter is resolved as quickly as possible.

Disabled access

There is a small step at the surgery entrance for which we have a portable ramp. Unfortunately the patients' toilet is very small, due to space limitations and cannot accommodate a wheelchair. If you require assistance the staff are always willing to help in any way possible. Please contact the surgery for further information.

Behaviour

Violent or abusive behaviour will not be tolerated in the NHS. Any patient who is violent or abusive to those providing dental care, practice staff or other service users will have their treatment terminated immediately. NHS dentists working in the surrounding area will also be informed that your behaviour has resulted in your treatment being withdrawn.
